## HYAKEM STAFF BUSY AND WORK PROGRESSES

### STUDENTS ARE URGED TO TURN IN SNAPSHOTS AS SOON AS POSSIBLE

The Hyakem staff has been diligently working the past week and is making rapid progress in getting the annual sent off to the engravers as soon as possible.

All faculty pictures will be in the annual this year. The pictures of the formal balls have also been taken for the Hyakem. Club pictures will be sent to the engravers as soon as the individuals pay their club secretaries.

The athletic section is well under way. A large section will be turned over to athletics and pictures of its different branches.

Campus views and other beauty spots of interest in and around the campus will also be a feature.

Designs for the colored division pages have been sent to the engravers. Attractive and original work is being done along this line.

#### Snapshots Wanted

Few snaps have been turned in as yet but with the present nice weather more students should get busy with their kodaks. Don't forget that for the best six snaps \$1 will be given! Contest is open for a limited time only, so get busy!

Ivan McCollom, the editor, says: "We expect to have the book out by May 5, and the material promises to make the best Hyakem ever put out at W. S. N. S."

To make this a success financially, more subscriptions must be sold. The price will be \$2.50, \$1 down and the balance when the book comes.

Receipts will be on sale in the hall of the "Ad" building, in the book store and in Mr. Harmon's office.

Get in the receipts early so the order can go in and the exact number of books to be ordered will be known.

## Class Computes Astral Distance

According to statistics compiled by students of Mr. Beck's 1 o'clock physical science class if the sun was 9 inches in diameter it would be 81 feet distance from the moon and earth, both of these being small specks. An attempt was made to illustrate the relative distance between the earth and moon to the sun by yards and yards of wrapping paper being strewn promiscuously about the class room.

## Campus Meetings Of All Kinds Are Banned This Week

As a precautionary measure, it has been decided to hold no assemblies of any kind, whether of a social or entertainment type, for the present week at least. On this account there will be no regular A. S. B. meeting and no assembly this week. All social events, entertainments and dances planned either on the campus or in town are cancelled so far as the W. S. N. S. student body is concerned.

Most of the world's fish supply comes from the shallow banks adjacent to the shores of the continents.

A pound of raw silk will yield enough unspun thread to reach from Philadelphia to New York.

In Korea the sexes are rigidly separated, even in the family circle.

Subscribe for Hyakem NOW!

## Lassies Respond To Spring's Call

"Batter up!"

Look out, boys, the girls are playing baseball now. Every afternoon crowds of enthusiastic girls can be seen out on the diamond. No more gym work now, spring has come, and baseball champions are in the making, what? Not real baseball? Well, maybe not. It's lots of fun, anyway.

The recreation classes are "making hay while the sun shines and have given up their indoor work for games of various descriptions out in the sunshine.

## STANDARD CLASS PIN RETAINED BY SENIORS

### ALSO SELECT DIPLOMA FOLDERS AND DISCUSS THE AN- NOUNCEMENTS.

At a meeting on Friday, March 5, the senior class selected black suede folders with crimson lining for their diplomas. The folders will be ordered through the book store.

The class also decided to keep the standard class pin that has been used by graduating classes for several years past. At least 50 pins must be ordered in order to get the pins at the price quoted, \$1.50. The pins will be ordered by Ted Byars, so it is hoped that the seniors will place their orders with him as soon as possible. A deposit of 50 cents is required when the order is placed.

The question of announcements was brought up and a committee consisting of James Osborne, Mildred Enz, and Pearl Patterson was appointed to select the three best announcements of the many that were suggested; the class may choose from these three.

Another opportunity will be given all seniors who haven't done so, to pay their class dues before the end of the quarter.

#### Teaches at Portage

Gertrude Newberry, who graduated from W. S. N. S., is now teaching in Portage, Wash., in the Maury Center school.

An annual fish catch of \$86,000,000 is made in the United States.

## Heads New "C" League

Fred N. Nye, Ogden business man, who is president of the newly-organized Utah-Idaho class C baseball league.

## She Tosses 'Em

Miss Jennie Straight, captain and forward on the Rivesville (W. Va.) high school girls' basketball team. Many acclaim her the best shot in the state. She scored 68 field goals in nine games, getting 17 one evening.

## WILDCATS NOSED OUT IN HOOP TOURNAMENT

### DEFEATED BY FAST ELLENS- BURG Y. M. C. A. QUINTET BY 36 TO 35

The Wildcats were nosed out by one scant point, 36-35, by the fast Ellensburg "Y" quintet in the opening game of the basketball tournament last Thursday evening at which the basketball championship of Kittitas county was decided. The "Y" on the following night defeated the Roslyn five, 32 to 24, and won the county title for this year. Roslyn Thursday had trounced the Thorp team, 31 to 11.

The Normal-Y. M. C. A. joust was one of the fastest and most exciting cage contests ever seen in Ellensburg. The Wildcats overcame a five-point lead that the "Y" held at half-time, and threatened to toss the winning basket several times in the last canto, but couldn't quite cut the rifle.

The teams on the whole were evenly matched, and players on both sides waxed so rough that once Referee B. A. Leonard had to caution them. Fouls were numerous.

Swanson, former high school mentor, had his eye as usual and caged the ball for 18 points.

#### Joe Iles Stars

Joe Iles, the big center, was outstanding for the Wildcats, accounting for 16 points, and little "Buck" Brown played a stellar game and hooped the ball for 10 counters. Fertig's floor work was excellent.

#### The lineups:

Y. M. C. A.—Cook 9, Swanson 18, forwards; Robinson 6, center; Mundy, Sorenson 3, guards. No substitutions.

Normal—Brown 10, Henry 3, forwards; Iles 16, center; Bridgman 1, Hammond, guards. Substitutions—Frichette for Brown, Brown for Henry, Fertig for Hammond, Hammond for Bridgman.

Referee—B. A. Leonard.

## Musical Program Booked for Mar. 25

A musical program will be given by the music department of the Normal school in the auditorium March 25, under the direction of Miss Ethel Miller.

The program will include numbers by the Glee clubs, orchestra and boys' quartet. Members of the faculty will also have a part in the entertainment.

## New Graduation Plan Is Adopted

BALTIMORE, Mar. 9.—Johns Hopkins university in the future will award degrees not upon completion of a rigid number of credits, but upon the faculty's decision that sufficient intellectual progress has been made, Provost Charles K. Edmunds announced last night.

This is one of the initial steps, Dr. Edmunds said, toward carrying out the university's announced plan of concentrating its entire effort on research and advanced study. The plan contemplates ultimate abandonment of awarding the collegiate bachelor of arts degree.

## MAY REGISTER SOON FOR THIRD QUARTER

### INSTRUCTIONS ARE ISSUED, AND STUDENTS ASKED TO STUDY THE SCHEDULES.

Students in school now may register for the third quarter during the last two weeks of this quarter. Upper division, second year and special students may register during the week of March 8 to 12, and first year students in the week of March 15 to 19. New students will register March 22 and classes will begin Tuesday, March 23.

The office will be open the following hours for registration during the last two weeks of this quarter:

Mornings—10 to 12.

Afternoons—1 to 2 and 3 to 5.

All students must get approval cards from Mr. Leonard or Miss Ora Kennedy, and have them signed by the dean and Miss Skinner, director of food service.

Schedules have been distributed to all students. It will be a great help for students to study the schedule and be ready with suggestions. First year students will have an opportunity to choose electives this quarter.

Gertrude Thompson at Harrah Miss Gertrude Thompson, who is taking her third year's work here this term, now has a position in the Harrah school, teaching the seventh grade.

## Who's First?

"Well," remarks Laddie, the best known Scotchman at the Haines City, Fla., golf club, puffing at his old briar—"Well, who's my first customer for a golf lesson?"

## POINT SYSTEM SCHEDULE MADE

### IS HOPED TO DEVELOP LEADER- SHIP AMONG AS MANY STU- DENTS AS POSSIBLE

In order to prevent overloading certain students with student activities in addition to their regular work, a point system has been worked out by a committee of which Miss Mary A. Grupe is chairman, and has been submitted to President Black for approval. The system is aimed to give opportunity for development of leadership in the greatest number of students, and is to be administered by a council composed of three members of the student body of second year standing or above, and three members of the faculty. The council will decide eligibility of students for offices and notify individuals when they have the maximum number of points. Heads of various student activities, enterprises, clubs, etc., receive a certain number of points for each quarter's service.

Reports of all student elections should be in the hands of the council within the first two weeks of each quarter.

The point distribution as recommended by the committee follows:

Clubs—President 3, secretary 2, other officers 1.

Class officers—President 3, secretary 2, other officers 1.

A. S. B. officers—President 5, secretary 4, social commissioner 4, other officers 1.

Kamola Hall Association—President 5, social commissioner 4, secretary 3, treasurer 3, other officers 1.

Men's Club—President 5, secretary 3, treasurer 3, other officers 1.

Editor-in-chief of Hyakem—5.

Editor of Student Opinion—5.

Leaders of other activities (managers, captains, etc.)—2.

## Former Student Weds In Tacoma

Mr. and Mrs. L. D. Sparks left for Tacoma Thursday afternoon where they went to attend the wedding of Mrs. Sparks' sister, Miss Florence Clabaugh, who was formerly a student at W. S. N. S. Mr. Sparks will return Sunday, but Mrs. Sparks will remain with her parents for a few days.

## Dr. Taylor Gives Interesting Talk

The lecture Dr. W. A. Taylor gave in the assembly Wednesday afternoon was very interesting. He told about the American College of Physicians, which is one of the most outstanding medical organizations in America.

One of the features of this organization's work has been the standardization of hospitals. Doctors must do a high grade of work in order to become members of the American College of Physicians so it has aided in making the medical profession more exacting in their work.

The next scheduled lecture is one to be given by Mr. Quigley on Monday.

#### Tender Hearted.

Gus—Will you buy a balloon? I'm selling them for charity.

Tout—All right. How much shall I give you?

Gus—It's for charity, you know. Give till it hurts.

Tout—All right. Here's a dime.

Gus—Mister, you sure do bruise easy.

The students of the Ellensburg Normal school should cooperate with President Black and the health directors and eliminate as far as possible any chance of a Scarlet Fever epidemic. The inevitable question arises "How can the situation be met?" Be thoughtful and use your common sense. Avoid public or social gatherings and abstain from a few menial enjoyments for a while. Although this may seem difficult for us to comply with, it is best for the general welfare of ourselves and others.

## Taneum Trip Was "Wonderful," Say Girls On Return

W. A. A. CABIN APPEALS TO LASSIES; APPETITES FUNCTION NICELY.

This is the story of the third of the W. A. A. trips to the cabin in the Taneum canyon as told by one of the girls who made the trip. The party left Kamola hall Saturday morning, March 6, and returned late Sunday afternoon. "What a marvelous time. I never had so much fun in all my life and our chaperone, Miss Roberta Allen, sure was a wonder. When we first arrived at the cabin we jumped for joy to see its beauty. The boys, Merlin Berto and Elmer Hunt took us out in the school buses and after starting a fire in the cabin they led us on a wild goose chase in search of some spring. After sliding up and down we arrived at what they called a spring. It really was-

n't so bad, so we resumed our journey back to camp. The boys then made their departure, leaving us brave girls in the wilderness. "After we had lunched and the dishes were all cleared up we found to our dismay that the 'Sunday roast' was not with the rest of the groceries, so Miss Allen suggested hiking a little ways to the nearest telephone. Well, we did! From farm house to farm house we wandered, each owner telling us their phone was out of order but that 'the next house, about a mile away, would no doubt have a phone.' "Anyway, to make a long story short, we got one of those 10-mile hikes in and say, a few of us were tenderfoots, but of course W. A. A. girls don't grumble and we felt none the worst. "That night we had a thrilling time chasing wild geese. "Sunday morning—Oh gee! we were awakened by a gentle voice (the brute) saying, 'girls, remember we eat breakfast on top of the mountain and it's five o'clock already. Jump!' A few snores were heard but finally one by one the girls arose to greet the moon—not the sun.

## TENTATIVE MEETING SCHEDULE FOR SCHOOL CLUBS

"Honest to goodness, that breakfast was the best tasting food. Yum! Eggs, bacon, toast, oranges and coffee. Not so bad for a campfire breakfast. Eh Vat?  
"Oh, yes, to go on with the story; we hiked up on a high mountain and talk about a wonderful picture. If Miss Dawn Kennedy could only have been up there, I know she would have sat right down and painted the picture. The Cascade range showed beautifully in the moonlight—pardon—I mean sunlight.  
"And Sunday dinner. It was fit for a king. I won't tell you what the menu was 'cause I'm sure, as Miss Grupe tells us, the gastric juices would begin to flow, etc.  
"About five o'clock the boys came after us and although we had a won-der-ful time we welcomed the good old dormitory."  
The girls on the trip were Netta Cook, Blanche Hite, Juliana Bartho-

let, Sophi Weetala, Margaret Vigmore, Bernice Taylor, Helen Lawrence, Marie Lowe, Alice Brandt, Velma Saari, Marie Winieski, Leta Johnson, Eunice Phillips and Miss Roberta Allen.

## Hay Wire

By A. BALER

By A. Baler

Phil Osify says: The Great American Desert lies under the average woman's 'shingle.'

One recently complained because she was obliged to sleep in a chicken coop. Well, that's probably where the old hen belonged.

It's fair as far as the husband is concerned—when he married her he agreed to feather her nest.

Even at that, she at least ought to know that her husband is a "bad egg." As a result he'll spend a few days in the "coop" himself.

A. Baler has hired him to edit a new column entitled, "Who's Who in the Hoose Gow," which will appear in an early issue.

A fool and her hair are soon parted.

Spring is here at last. The woodpecker tapped the news. I heard the d— thing this morning. When he woke me from my snooze.

Some people claim they work with their heads. So does the woodpecker, and he's an awful bore.

Even at that, he beats some people. When he finishes chirping, he gets in and digs.

We dig all our life and inevitably end up in the hole.

The woodpeckers have been tapping on the library—probably looking for bookworms.

Pity the poor worms—they are presented with a bill every morning.

Mosquitoes make good collectors. They're always presenting their bills.

Opportunity knocks more than once, but about nine times out of ten it is the collector.

A boy stood on the burning deck, Scratching bites, by the heck. A little girl all dressed in pink, Helped him scratch, I don't think. She was too busy with her own To help him scratch his ivory dome. She threw a fit and now she's dead. Isn't this the darnedest thing you ever read?

## TALK ON LEAGUE IS MADE BY COL. FALLIS

CANADIAN WAR VET TELLS OF EFFORTS OF ORGANIZATION TO END THE WAR.

Colonel George Fallis, World war veteran and Vancouver, B. C., pastor, spoke to the student body Tuesday morning at 9 o'clock.

The subject of his talk was the league of nations. He told of the good that the league has already done and contrasted the cost of peace with that of war.

Colonel Fallis was asked to go to Geneva as one of Canada's three delegates to the league of nations, so he is very well posted on its workings and very much interested. He refused the position because he was busy with the construction of a memorial church which he felt it necessary to complete.

Colonel Fallis has lectured on a Chautauqua tour all over the country so he has had a wide range of experiences and is a very interesting speaker.

A winter in Boston is much more severe than one at Kodiak, Alaska.

Much manual labor has been eliminated in Alabama by the use of hydraulic mining.

Fish in Siberian rivers in the spring are so thick that it is impossible to row a boat amid them.

# Heroism at Sea Has Its Rewards

Photos Bain News Service

Some of the gifts presented to Capt. George Fried and crew of U. S. President Roosevelt. In the center is the silver loving cup presented by the King of England. At right and below the cup is a silver flashlight given Capt. Fried. To left of cup is a gold watch, a gift to Capt. Fried from the Associated Press. At extreme right and left are scrolls presented respectively by the City of New York and the State of New Jersey.

**A**LL the world loves a hero. When the steamship President Roosevelt, of the United States Lines, sailed from New York for Plymouth, England, on her latest voyage, she carried with her a veritable museum of gifts from the mightiest and the humblest people of two continents—gifts which will memorialize for all time the Roosevelt's rescue of the officers and men of the British freighter Antioe.

A silver loving cup from the King of England, pennies from the school children of New York, a gold watch from the Associated Press, a silver cigarette case from Captain Tose, of the ill-fated Antioe, a Navy Cross presented to Captain George Fried, of the Roosevelt, by the President of the United States, a scroll from the City of New York and another from the State of New Jersey, four silver flashlights presented by one of the largest manufacturing companies in the United States—these and many other tokens of the love that the people of the "Old World" and the "New" have in their hearts for pure heroics, were borne by the Roosevelt. And some of them will be on display in a special trophy room of the famous ship as long as she sails the seas. When the proud vessel is no longer fit for the tremendous battle against wind and wave, these trophies will be given a permanent place of honor by the United States Line.

## Great Gifts and Small

Some of these presents, of course, were personal gifts to the brave Captain Fried and his officers and

men of the President Roosevelt. Some of them, too, were gifts of the generous American people to members of the crew of the storm-conquered Antioe. The gifts of money, totaling thousands of dollars and raised by free will offerings of the dollars of the well-to-do and pennies of the poor in New York City, will be devoted first to relieving the needs of relatives of the two men who lost their lives in the rescue work, Master-at-Arms Uno Witanen and Boatswain's Mate Ernest Heitman, both of the President Roosevelt, and second to rewarding the personal bravery shown by the Roosevelt's boat crews, under First Officer Robert Miller.

## Story of the Flashlights

The four silver flashlights which are among the valued trophies of the rescue that thrilled the whole world, are mementoes of a remarkable incident in the picturesque modern drama of the sea. One of them bears the name of Arthur Evans, radio operator of the Antioe, and is a special gift from Captain Fried to that resourceful young man who, when the Antioe's radio failed, maintained contact between the two vessels during four terrible nights by blinking Morse code messages with a small flashlight. Captain Fried is taking this handsome and powerful new flashlight, which throws a clear, white beam a distance of 500 feet and which can be seen in signal work from a distance of more than six miles, to Plymouth, to be presented to Evans there.

The other three silver flashlights, each suitably engraved, are gifts

Capt. Fried is here shown with two powerful silver flashlights, suitably engraved to commemorate the rescue of the crew of the Antioe. One of these hand searchlights is a gift to Capt. Fried from the manufacturer. The other is Capt. Fried's gift to Arthur Evans, radio operator of the Antioe.

of the manufacturer who built them especially for Captain Fried, First Officer Robert Miller and Fourth Officer Frank Upton, of the President Roosevelt. Upton, it will be recalled, was in charge of the Roosevelt's radio and picked up the wireless messages which brought the Roosevelt plunging through the storm to aid the stricken Antioe. It was Upton who also maintained signal contact with Evans on board the Antioe during these four howling nights when only the blinking dots and dashes from Evans' tiny flashlight assured the officers and men of the Roosevelt that the starving, half-frozen and helpless seamen were clinging with a last desperate hope to the battered hulk that had been their proud ship.

draw my insurance money? And he hurled the weighty missiles through the window. The couple kept ducks on the back premises, and the fall of the dumplings on the hard ground shattering them, the ducks gobbled up the fragments.

Five minutes later, a timid knock was heard at the door, and a pale-faced urchin, awed by the strange tale of disaster he had to tell,

thrust in his head and gasped, Missus, yer ducks has sunk.
